**Important Information**

**Nature of Horses:** I/We understand that The Stables @ Brasstown Valley chooses its horses for their calm dispositions and sound basic training as is required for use as riding horses for novice and beginning riders. If a horse is frightened or provoked it may divert from its training and act according to its natural survival instincts which may include, but not limited to, stopping short, changing directions or speed at will, bucking, rearing, kicking, biting or running from danger.

**Condition of Nature:** The Stables at Brasstown Valley is not responsible for acts and occurrences, or elements of nature that can scare a horse, cause it to fall, or react in some other unsafe way. Such conditions may include thunder, lightning, rain, wind, water, wild and domestic animals, insects, reptiles which may walk, run or fly near, or bite or sting a horse or person.

**Riders Responsibility:** The rider shall be responsible for his/her own safety. Riders should not carry loose items on rides which may fall, blow away, flap in the wind, bounce or make sharp noises that may possibly scare a horse. Such items include cameras, video cameras, hats, purses or packs. Riders must not make sharp, loud noises such as screaming or yelling which may scare a horse. The Stables at Brasstown Valley strongly recommends that all riders wear a helmet and all children under the age of 12 are required to wear the helmet when riding.

***Does the rider listed on the Registration form have a physical or mental condition which may affect his/ her safety & ability to ride a horse, of which we should be aware? \_\_\_Yes \_\_\_No***

***If you marked "Yes" how can we help the rider with his/her special needs for a more enjoyable visit?***
